

THE AUTOMOTIVE REVOLUTION IS HERE!

Synopsys Inc. Presents

Ron DiGiuseppe

Thu, April 27th at 12-1 p.m.

Ron is a SJSU Electrical Engineering Alumni and joined Synopsys in 2012. He is responsible for automotive segment marketing of the DesignWare Intellectual Property (IP) solutions for ADAS, Functional Safety, Infotainment and MCU applications.

Ron brings more than 18 years of semiconductor experience. Prior to joining Synopsys, Ron held management positions at Xilinx for automotive connectivity and engineering development for companies including Oki Semi, NEC, and Raytheon Corporation.

All Engineering students are welcome!
Arrive early to grab a slice of Pizza.
